

# CSE- 578 Data Visualization

## Dino Fun World

### Assignment 1

Aishwarya Srisankaran(1217423909)

In this assignment, I was given the Dino Fun World database which contained 3 tables -Attraction, Check-in, Sequence, and I was asked to provide the answers for four questions. The answers I got are as follows,

1. What is the most popular attraction to visit in the park?

Atmosfear

2. What ride (note that not all attractions are rides) has the longest visit time?

---

Flight of the Swingodon

3. Which Fast Food offering has the fewest visitors?

---

Theresaur Food Stop

4. Compute the Skyline of number of visits and visit time for the park's ride and report the rides that appear in the Skyline.

Wrightiraptor Mountain  
Atmosfear  
Dykesadactyl Thrill

---
